Topic: What Do Judges Look For In Photography And How To Judge For Competition

Description: The most common question asked on Competition night is: "What would make my image score higher?" We are going to discuss what the judges look for in an image, image impact (a.k.a the WOW factor), composition and technique. We will explain the judging rubric and how images move up in competition from monthly regular competition meeting to the GDCCC End of Year Competition. We will have image examples for composition and common faults that cause images to get lower scores or not allow images to advance to the next level of competition in the GDCCC.

Presenters: Kristin Grudzien and Germaine Finley are both board members of Seven Ponds Photo Club and manage Digital and Print competitions for SPPC and GDCCC.

Cost: Free

What to Bring: Pencil and Paper
