

Who: Current Members of Seven Ponds Photo Club & Guests
What: SPPC Light Painting Workshop
Date: Friday – October 18, 2024
Time: 7:00 PM – 9:00 PM
Leads: Germaine Finley & Tina Daniels

Description: Join us for a light painting workshop at Seven Ponds Nature Center. Tina and I will go over a few light painting basics and give ideas for the workshop. We will be doing tabletop shooting and an optional outside shoot for those that want to brave the dark (weather permitting). There is so much variety in light painting, but the key is a light source. Bring light sabers, wands, light brushes, flashlights, light cubes, etc. Lights that you have to plug in do not work as well and are not as easy to manipulate for painting as battery ones.

What to Bring: Camera, Tripod, multiple light sources, spare battery if you have one, bug spray, and something to drink. Optional: A table prop you would like to “light up” – a vase, interesting bowl, sculpture, or flowers.

Cost: Free with a light source available for purchase.

Location: Seven Ponds Nature Center
3854 Crawford Road
Dryden, MI 48428-9776
